

FAUT004 ARMCHAIR: TRAVELLING

This new home theatre armchair is the result of both Oray's experience in Home Theater accessories and Variation's expertise in the design of comfortable and high quality armchairs. No detail such as ergonomics, design, value for money and easy set-up was left out.

Highly adjustable, the installation the VIP armchair can be custom-made to fit all requirements: users may choose several independent armchairs or several sofas in rows, with or without armrests for separation.

An extensive choice of colours for fine leather or fabric covers is available to fit any decor.

Features: Reclinable back angle up to 160°.

Features: Armchairs cast in one piece with two independent electric motors for the back and the footstool.

Features: Remote control command for both motors.

Features: Headrest adjustable in height to fit every spectator size. In two parts for better head support.

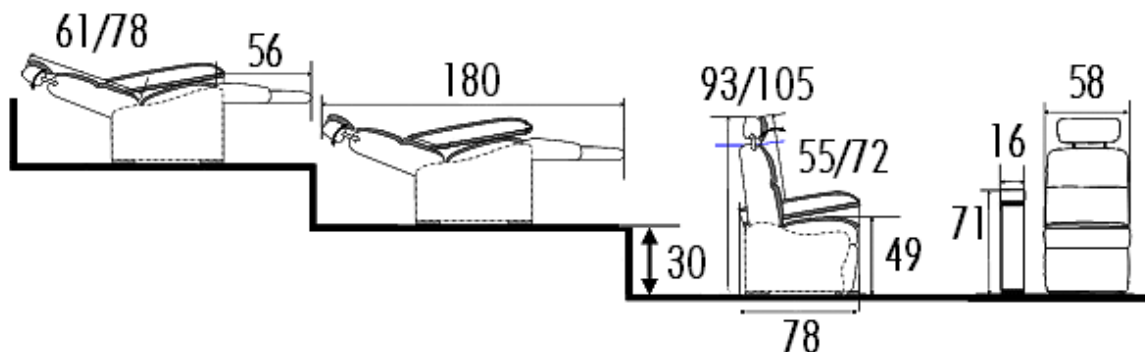

Features: Bultex quality foam.

Features: Armrests with large storage space.

Features: Product certified NF with a two-year warranty.
